About The Arc

The Arc is the nation's oldest and largest organization for people with intellectual and developmental disabilities (I/DD). For nearly 70 years, we have offered advocacy, programs, and services, and valuable information to people with I/DD and their families.

We also offer training, networking, and professional development opportunities for leaders from across our national network of more than 600 chapters, which serve and support more than one million people with I/DD and their families.

Why Sponsor?

Executives, board members, self-advocates, staff members, families, and other thought leaders come to The Arc's events for ideas, products, and services that can take their work to the next level. Our sponsorship packages allow you to interact with our network throughout the year in person and through our marketing channels, driving maximum value for our sponsors.
